Subject: Wasatch Regional Landfill 2008 Solid Waste Report

Dear Mr. Downs,

Please find enclosed the Wasatch Regional Landfill 2008 Solid Waste Report. The report includes the following attachments: Quarterly gas monitoring results, Safety and Training log, updated closure and post closure, CPC, cost estimates, prepared and certified by Vector Engineering. A copy of the bond is also included. Wasatch plans to match the bond amount to the CPC estimates once the Division reviews and approves the cost estimates.

The 2008 ground water monitoring reports were previously submitted.

If you have any questions please contact me at 435-888-4418 (22).

Sincerely,

Darin Olson

**Re: 2009 Certification of Closure and Post-Closure Cost Estimate for the
Wasatch Regional Landfill, Utah**

At your request, Vector Engineering, Inc. (Vector) has revised the Closure and Post-Closure Cost Estimate for the Wasatch Regional Landfill operated by Allied Waste Industries, Inc. (Allied). This letter is provided to certify that the attached estimates were prepared in accordance with generally accepted civil engineering and waste management practices and in accordance with the requirements of 40 CFR 258.60, Subpart F. It should be noted that no corrective action is anticipated for the site and therefore, no costs for corrective action are provided in the estimates.

The 2009 Closure and Post-Closure Costs were derived after reviewing the previous cost estimates and adjusting the cost spreadsheets based on current data provided by Allied. As you are aware, the changes from the 2008 to 2009 Closure Cost include the increase in the landfill area due to the latest expansion construction.

We hope this provides you with the information you requested. If you have any question regarding the cost estimate, please contact me at your earliest convenience at (530) 272-2448.

Regards,
VECTOR ENGINEERING, INC.
